

THE LIFE SAVING RULES

# WORK AUTHORIZATION

Assess risk, apply controls,  
and obtain authorization  
before starting work

- I have confirmed if a permit is required
- I am qualified and authorized to perform the work
- I inform all affected workers of risks and work plan prior to starting work
- I use safety devices and only temporarily bypass or override with authorization
- I reassess if conditions change

WE START WORK **ONLY** WHEN IT'S SAFE, AND **STOP** WHEN IT'S NOT.
